The consolidation of the Monroe and Green township organizations of the Nodaway County Sunday School Association will be taken up at the annual convention of this district which will take place at the Christian church at Skidmore at 2:30 o'clock next Sunday afternoon.

G. B. Roseberry, president of the Nodaway County Association, Mrs. L. E. White and R. C. Seal of Maryville, will attend the meeting and will make addresses. Miss Eva Davis, Bert Cooper and Mrs. I. E. Tullock will attend a similar convention for Hughes township which will be held at the Methodist church at Graham.

The present officers of the Monroe township organization are: W. G Reynolds, president; H. N. McDaniels, vice-president; F. H. Barrett, secretary; Fred M. Barrett, treasurer; Miss Fannie Albright, superintendent Child Welfare Division; Miss Sylvia Hughes, superintendent, Young Peoples Division; Mrs. W. C. Linville, superintendent Adult and Home Division; Mrs. William Leyham, superintendent of Administration. For Green township: Bert Reed, president.. Mrs. Robert Smith, vice-president; Mrs. Byron Williams, secretaray; Charles Springer, treasurer; Mrs. D. A. Wood, superintendent Children's Division; Miss Nina Bowman, superintendent Young Peoples Division; Mrs. Bert Reed, superintendent Adult and Home Division; Miss Ethel Hoyt, superintendent of Administration.

An election will be held at the convention Sunday, new officers for the Monroe-Green District, will be chosen from the present officers of the respective organizations.

In the Hughes township the following is the present list of officers: William Gex, president; Harl Swank, vice president; Walter Freytag, secretary and treasurer; Mrs. George Greason, superintendent Children's Division; Mrs. William Mountjoy, superintendent Young People's Division; Frank McNeil, superintendent of Administration.

The township conventions are held annually in each of the districts, and the object of the meetings are to bring about a closer union of the various Sunday schools and to better facilitate the work of the national organization.

The Association is one of the best organized in the United States and the work is carried down through the various state, county and township organizations to the individual Sunday schools.

EUGENE CUMMINS IN NEW YORK

Maryville Boy Came Home with the 89th Division Yesterday.—Will Be Mustered Out Soon.

Sergeant Eugene J. Cummins, 356th Infantry, 89th Division, was one of the happy arrivals in New York yesterday. He telegraphed news of his safe arrival to his parents, Dr. and Mrs. K. C. Cummins, this city, this morning. The division is now at Camp Merritt, N. Y., and Sergeant Cummins stated in the telegram that he will be sent from there to Camp Taylor, Kentucky, where he will be mustered out and hopes to be home by June 1. Sergeant Cummins has been in overseas service since the sailing of the 89th, July, 1918.

THE LATEST ONE BY W. W. JONES

His Many Maryville Friends Doubht the Story From North Dakota.

In a letter to Dr. H. L. Stinson, W. W. Jones of this city, who is visiting at his farm near Oakes, N. D., writes as follows:

"I suppose you would not question it, but if I were to tell you that I had seen enough goose eggs in one day to fill Third street level to the tops of the buildings from the Burlington station to the Sisson home you would of course, doubt my word. But I want to say that would only be a sample to things I see here every day but I know it would be of no use to relate any real ones to you."

Mr. Jones states he has been able to keep the coarser grades of birds herded off of his crops and the prospects at present are good. Mr. Jones expects to return to Maryville about June 1.

A newspaper dispatch from Bismark, N. D., had the following:

Grasshoppers as a deadly destroyer simply 'are not in it with wild geese," according to John Bloom, publisher of the Devils Lake Journal and State Game and Fish Commissioner, who brought with him to the capital wild stories of millions of these migratory birds which are devastating winter rye in the vicinity of Devils Lake at the rate of a quarter-section daily.

NEW GAME AND FISH PROVISIONS

DEPUTY GAME WARDEN TILTON RECEIVES ORDER FROM THE STATE COMMISSIONER

COMBINED LICENSE OF $1

Non-residents Fee, $10—State Resident $2.50—No fee for Women and Children.

Deputy Game Warden E. E. Tilton of this city, received today from Tim Birmingham, state game and fish commissioner, the new provisions regarding licenses to hunt and fish in this state.

The combined licenses for hunting and fishing, is as follows: Non-resident, fee, $10; state resident, fee, $2.50; county resident, $1. The county license permits the holder to hunt and fish in his own and adjoining counties. The state license allows hunting and fishing anywhere in the state, and persons holding a county license may exchange same for a state license and have credit for the $1 paid for the county license. The hunting licenses now in the hands of the county clerks for the year 1919, are made by the Act the combined hunting and fishing license for the year and the clerks will so consider them; new forms will be issued for the year 1920.

The fishing license is $1 for state residents and $3 for non-residents. The fishing licenses are required where the party does not care to hunt but only to fish; both are good for the entire state and expire December 31, 1919.

No license to fish is required in applicant's own county and women and children are exempted as to fishing license.

The Act provides that any Alien must take out a non-resident license before he can hunt or fish in this state No special license will be issued this year for this, but the county clerks will upon the application of any alien issue to him the regular non-resident hunting or fishing license, as he desires.

New Potatoes.

Mr. Jess Hartness walked into this ofice Wednesday morning with a half bushel basket of new Early Ohio potatoes. They sure are nice ones, all about the size of a base ball, and he just got through digging ten bushels of them that lay in the ground all winter and are just as nice potatoes as any you ever saw. When he told us the half bushels were ours for experimental purposes on the home table, we felt mighty good over the compliment.—Burlington Junction Post.

PRES. IRA RICHARDSON TO STATE HEALTH MEET

Conference Next Week at Springfield to Discuss Matters of Public Health—Well Known Speakers.

Why Missouri does not treat its children as well as it does the thoroughbred stock of the state is one of the questions to be considered at the four-day health conference scheduled for next week at Springfield, Mo., under the auspices of the Springfield Chamber of Commerce and the Missouri Tuberculosis Association. "Pigs versus People" will be the subject of an address in the second day's session, and the speaker will be Dr. D. F. Luckey of Jefferson City, State Veterinarian of Missouri, and immediately following Dr. Luckey will be a discussion of education and health by Dr. M. P. Ravanel, head of the department preventive medicine of the University of Missouri. According to these experts much precaution is taken by the state and the farmers to protect the livestock of the state against disease, while little care is deemed necessary with respect to the children of the state.

The primary purpose of the health conference, which will open Thursday morning, May 29, is to study health conditions in the state, with a view to mapping out a state-wide program for general betterment of public health. The conference will bring together national and state leaders in public health movements as well as experts in all lines touched in the work of the convention. The program is one of education, and health, and the universities, normal schools, colleges, public and private schools, and all the state departments whose provinces touch the general subject of health in any particular as well as many of the municipal health departments, are sending their representatives to hear and take part in the discussions.

Promotors of the conference hope to secure, ultimately, as the outgrowth of the conference, sound bodies as well as trained minds for every Missouri child. Some of the eminent Missourians who are co-operating are Governor Frederick D. Gardner, Attorney General Frank W. McAllister, Superintendent of Public Schools, S. A. Baker, Dr. W. A. Clark, president of the state board of health; A. L. Harty, superintendent of the state insurance department; Miss Mary E. Perry, vice-president of the state board of charities and corrections; William H. Lewis, state commissioner of labor; Dr. W. A. Ruddy, president of the state board of dental examiners; Dr. John Ritter, professor clinical medicine, Rush Medical college; Miss M. A. Gillis, preesident of the state nurses board; Dr. D. F. Luckey, state veterinarian; Dr. A. Ross Hill, president of the University of Missouri; John E. Kirk, president of the Kirksville Normal school; E. L. Hendricks, president of the Warrensburg Normal school; W. S. Dearmont, president of the Cape Girardeau Normal school; Clyde M. Hill, president of the Springfield Normal school; Ira Richardson, president of the Maryville Normal school; Speaker O'Fallon the Missouri legislature; Dr. Herman Pearce of Kansas City; Mrs. E. R. Kroeger, director of the Junior Red Cross of the Southwest division; Dr. Max A. Starkloff, health commissioner of St. Louis; Dr. H. DeLemater, health officer of St. Joseph; Miss Elizabeth Moore of St. Louis.

The program for the four days is about completed and will be announced early next week. It contains subjects and speakers of the most vital interest and will attract many persons not directly concerned in the important questions of public health and education.

Among the speakers of national reputation are Dr. Charles J. Hatfield, director of the National Tuberculosis Association; Dr. W. S. Small of the United States Bureau of Education; Dr. George T. Palmer, president of the Illinois Tuberculosis Association and director of medicine of the National Council of Defense; Katherine M. Olmstead, secretary of the National Organization for Public Health Nursing; Dr. Owen R. Lovejoy, general secretary of the National Child Labor Committee; Rev. James P. Faulkner, director of the Raoul Foundation at tlanta, Ga.; Prof. Chas. A. McMurry of Peabody college; John Tombs, executive secretary of the New Mexico Public Health Association; Dr. Varelia Parker of the National Y. W. C. A. War Work Council.

AWAITING HUNS REPLY TO TERMS

ONLY THING POSSIBLE SAYS WILSON IN REPLY TO REPORTS

BELIEVE THEY WILL SIGN

Clemenceau Declares That Restrictions Will Not Cause Loss of Life in Germany.

Paris, May 23.—It is only possible to await developments, declared President Wilson today in commenting on the reports from the German Cabinet that the Teutons would not sign the treaty. Other American sources were confident that the economic concessions and modifications of the reparation clause were sufficient to insure the acceptance of the treaty at Berlin. The changes made were not basic, it was officially stated and were merely designed to make imposition of their reparation less enorour to the Germans.

Paris, May 23.—A rash assertion was Clemenceau's reply on behalf of the Allies to the dramatic declaration of Brockorff-Rantzau that the signing of the treaty means the death sentence of millions of German men, women and children. Clemenceau reminded the Germans that they might as well bear the larger loss as a result of the war, since they started it, but denied, however, that the economic restrictions on Germany would mean death.

Geneva, May 23.—The advance guard of the Turkish and Bulgarian peace delegates arrived in Switzerland en route to Paris. The Turkish envoys entered a protest against the Powers for Turkey and reporth the intention of the Allis to relieve Turkey of the administration of Constantinople.

DRIVE REDS FROM PETROGRAD

Two Armies Making Converging Move on Russian Capital—Poles Overwhelm Ukrainians.

London, May 23.—Two armies are making a converging movement on Petrograd and advices today indicate that the Bolsheviki will be compelled to evacuate Petrograd. The Pakov-Minsk line of the Fins is advancing from north Esthonans. From the southeast the Poles are overwhelming the Ukrainians. Haller's Division that was sent into Poland, is apparently everywhere victorious in the fighting against the Ukrainians.

DOCTOR'S PATIENT GAINS 17 POUNDS

Prominent Physician Uses Tanlac In Practice With Fine Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga., Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified indorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows as it was written:

Fayetteville, Ga.

Mr. G. F. Willis, Atlanta, Ga.

Dear Sir:

I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much connot be said about Tanlac. It certaily has cured him.

Respectfully,
J. T. Edwards, M. D.

Mr. McGough's statement follows:

"I suffered from indigestion and could not eat anything but what hurt me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn, and gas on the stomach after eating. My appetite was irregular, and my food failed to nourish me. This trouble caused me to get very poor—in fact I got so thin and weak I was hardly able to go about.

"I bought three bottles on Dr. Edwards recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work.

"I now recommend Tanlac to everyone who is sick like I was, and wishes to take something that will help them."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Pickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

RED CROSS DRIVE IN NOVEMBER

Campaign to Culminate on First Anniversary of Signing of the Armistice.

An appeal to the American people for funds to carry on the work of their American Red Cross will be made next November according to the following statement issued today by Doctor Livingston Farrand, Chairman of the Central Committee. "Appalling conditions in countries of Eastern Europe, imposing on the American Red Cross obligations additional to those assumed during the period of the world war, and continuance of activities in connection with the already outlined domestic program of the American Red Cross, make necessary an appeal to the people of America for further funds to carry on work for the relief of humanity."

It has been decided to make this appeal in Autumn in a period of two weeks culminating the eleventh of November, the anniversary of the signing of the armistice—the season when the American people may properly give manifestation through contributions to their American Red Cross of their thankfulness or deliverance from the added horrors of war which have fallen upon nations less fortunate.

At present the American Red Cross is binging to a close its activities in countries in Western Europe and with the withdrawal of American troops from the war zone, its work for the Army abroad will end automatically. Disease and suffering of the most heart rendering character, however, are calling for relief in other fields. The new International Organization of Red Cross Societies is preparing to deal with the relief of health problems throughout the world in future years, but there are immediate emergencies which require the aid of agencies already established. Foremost among these agencies is the American Red Cross. At present the emergencies are being met with all the resources available, but it is apparent that imperative calls for assistance for the next year or more will make additional funds necessary.

It is anticipated that the generous hearts of the American people will respond to the appeal to the full extent of the needs that will present themselves.

When an energetic hard working man feels unduly tired, half sick, "blue" and discouraged he thinks he is getting lazy. It isn't laziness, the trouble is in the stomach and bowels; they are disordered. To restore energy, vim and activity the right remedy is Prickly Ash Bitters. It is a mans remedy for regulating the system. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

Are Here Told the Best Remedy for Their Troubles.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—heat flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work. Lydia E. Pinkham's Vegetable Compound was recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

HUDSON SUPER SIX

The New Hudson Super-Six
At $1975 Is In Greater Demand

Improved in Quality—New in Price, it Surely Has No Rival—Early Deliveries for Prompt Buyers

At the price at which you can now get a Hudson Super-Six, surely there can be no close second choice car.

As marked by its sales, Hudson has for four years been the largest selling fine car.

Now with a better car at a new price people who on account of its cost have had to accept less desirable cars, will be content with no other.

This, therefore, is to warn you to prompt action.

You have no doubt followed Super-Six history. You know how it has out-performed in endurance and reliability, cars of every description. Its record fills a large part of official automobile history.

Its feats on the speedway, and in every imaginable automibile contest have been told so often and are so much the part of everyone's automobile knowledge we need only to suggest them.

The First to Grasp Its Present Worth

Owners of earlier Super-Sixes were the first to appreciate the new Hudsons. When we announced the new car they came in great numbers to see it. They knew what to expect. It was they whom you have heard say the Super-Six was potentially the finest car built. Many own their third and fourth Hudson. Some have had even more. They bought new model Super-Sixes for they know how each successive year has seen an advancement over previous models. They can appreciate the greater value of this new car.

You, Too, Will Understand

The first Super-Six—brought out four years ago—increased motor power 72% without increased weight or cylinders. It gave the smoothness and endurance others had sought through added cylinders and complications.

Then it proved its superiority by establishing new limits in practically every worth while test. It became the largest selling fine car. More than 60,000 are now in service.

Every test and every car produced added its influence toward further development and improvement.

All the qualities in the Super-Six, many of them exclusive to it—that you know are retained. Some are enhanced, new ones added.

That is the characteristic of this new model. It starts easier, rides easier and runs smoother.

It is just as enduring, just as reliable. It is free from many annoyances regarded as inevitable to all cars.

What men have said of Hudson possibilities has been attained. Old Hudson owners recognize it and are buying new models.

You Can Have a Hudson Now

But you must not delay in ordering. Mid season has always seen an over demand for Hudsons. There has never been a year when there were enough Super-Sixes. We know our allotment for the next several months. There is no possibility of their being increased. There might be an interruption in production that would cut us short.

Deliveries are made in the same order that sales are made. Your order now means an earlier delivery.

Compare Its Price $1975 at Detroit

Go over the list of cars selling at near the Super-Six price. Do you find any name so favorable? Can you want any other car quite so much? But if you delay you may have to accept some other car for Hudsons are the first choice with thousands. They will not delay.

Can you wisely postpone action?

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

A Good Refrigerator Is An Economy

We selected our stock of refrigerators in the same manner in which you should select one—by considering their construction with reference to keeping ice, and keeping food.

We believe we have several makes that are absolutely correct in principle, and will give the highest value for the money in economical use.

We have them white lined in top and side iceing, and any size to suit your needs.

You will find them very reasonably priced.

THE OIL STOVE

is a mighty important thing to think about right now, and we believe we have the kind that will give the best satisfaction, be the safest and consume the least fuel for the amount of cooking heat given.

The New Perfection oil stove is one that has been thoroughly tried and found to give the best of service for a low-priced stove.

The Detroit is our leading stove—burns oil or gasoline and is the best and most handsome oil stove we know anything about.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

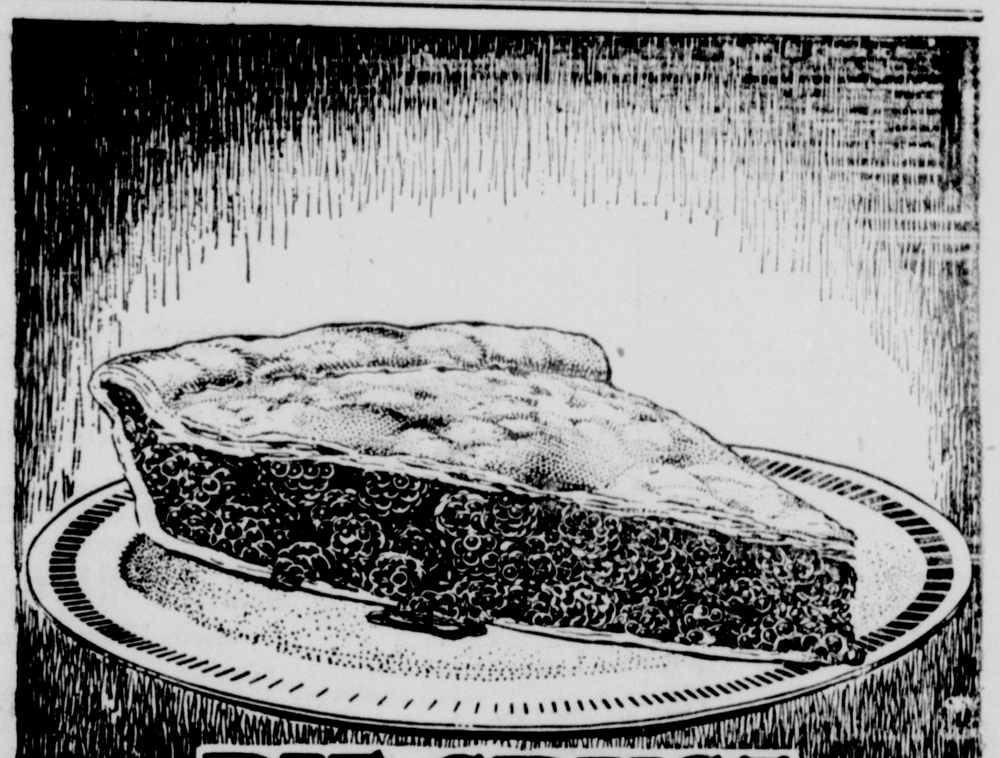
The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Irontic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Omaha, Nebr.—"From my earliest boyhood I have seen splendid results from Dr. Pierce's remedies. About eight years ago the 'Golden Medical Discovery' cured me of a hacking cough that had annoyed me for a long time, and I have used the 'Pleasant Pellets' for a number of years as a laxative whenever necessary, and have found them to be just as represented.

"I am always glad to recommend Dr. Pierce's remedies."—*Alex. A. La Londe, 5301 N. 34th St.*



PIE CRUST

—and such pie crust!

Tasty, golden hued, so rich and tender it falls into delicious flakes at a touch. *Always* a certainty when you use

CALUMET BAKING POWDER

"BEST BY TEST"

The greatest quality value ever offered in a baking powder. It never loses its strength. It can't fail in the slightest degree; therefore, no waste—no disappointments.

The perfect results it gives—the greatest economy—provide the *best* means of answering the Food Cost question of today—so far as baking goes.

You Save When You Buy It.
You Save When You Use It.

Made in the largest, finest, most sanitary baking powder factory in existence. Try it. You'll see clearly *why* it's the world's biggest selling baking powder—*why* it is given preference by leading Domestic Science teachers, millions of housewives. Once used—no other will satisfy.

PIE CRUST FOR ONE PIE

2 level cups of flour	*1 level teaspoon salt*
1 level teaspoon Calumet Baking Powder	*¾ cup shortening*
	⅓ cup cold water

How to make it — *Sift together the dry ingredients, work in the shortening, moisten to a dough with as little cold water as possible.*

Be sure to cut out and paste this recipe in your recipe book for future reference. Of the many thousands of different pie crust recipes, you'll give this "better one" your preference.

NOTE THIS

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-ounce cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

Pickering Christian Church.

Next Sunday, May 25, the Bible school session will be held as usual, at 10 a. m. The theme for the sermon at 11 a. m. will be "The Repentance That Need Not Be Repented of." Then a basket dinner on the church lawn, after which the "Every Member Canvass" will be made by the teams appointed last Sunday. Every member of the congregation is requested to be present at the morning service, and remain for the dinner, or if not possible to be present, to remain at their homes during the afternoon, so as to assist the canvassers in making up the budget for the year.

Then at 8:30 p. m. there will be a memorial service for soldiers of the various wars in which our country has been engaged.

You are cordially invited to all these services.

Here's a chance, Miss Freckle-face o try a remedy for freckles with the uarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while it if does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist nd a few applications should show you how easy it is to rid yourself of the homely freckles and get a beauiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

CLARK FOR SENATOR NEXT YEAR.

Jefferson City, May 23.—Politicians believe that former Speaker Champ Clark is preparing to enter the race for the Democratic nomination for United States senator next year.

This belief is based on the fact that within the past week several letters have come to men here prominent in party affairs from friends of Clark in Washington indicating that Clark is feeling out the situation with a view of entering the race.

These "feelers" coming right on the heels of Clark's endorsement of the National administration are regarded as significant. One of the letters from an official in Washington very close to the former speaker asked for a fraud expression of opinion as to the advisability of Clark becoming a senatorial candidate.

Service in Buying from a Responsible Dealer

When we found that the Sonora Phonograph had been warded first place at the Panama Pacific Exposition for tone quality and that its makers stood back of it in every way we decided that the

Sonora CLEAR AS A BELL

was the phonograph we could conscientiously recommend and sell to our friends, and stand back of with our own responsibility in addition to that of the manufacturer.

When you buy a phonograph of a dealer who is established, and responsible, you get this added buying service—his personal guarantee.

And also the service after you have bought the phonograph—if it needs any attention such as oiling and adjusting, you know where to find us. You take no chances with that kind of service—you KNOW that your machine will be satisfactory.

Besides this, the opportunity of going to the store and looking over the different models and hearing them played, in our own phonograph department, fitted up especially for your accommodation is another service.

We would not sell a phonograph that we did not believe had the highest quality in it, nor one we would not be proud to own ourselves. This is the kind of instrument the Sonora is, and we are glad to refer you to every customer who has bought one.

Come and listen to some of the latest song hits and dance records we have, and to the superb tone of the Sonora—whether you intend to buy a phonograph or not.

MEETINGS AT SKIDMORE AND AT GRAHAM ARRANGED

UNITE MONROE AND GREEN

Local Workers to Attend Conventions —Plan to Carry on Work Thru Organization.

The consolidation of the Monroe and Green township organizations of the Nodaway County Sunday School Association will be taken up at the annual convention of this district which will take place at the Christian church at Skidmore at 2:30 o'clock next Sunday afternoon.

G. B. Roseberry, president of the Nodaway County Association, Mrs. L. E. White and R. C. Seal of Maryville, will attend the meeting and will make addresses. Miss Eva Davis, Bert Cooper and Mrs. I. E. Tullock will attend a similar convention for Hughes township which will be held at the Methodist church at Graham.

The present officers of the Monroe township organization are: W. G Reynolds, president; H. N. McDaniels, vice-president; F. H. Barrett, secretary; Fred M. Barrett, treasurer; Miss Fannie Albright, superintendent Child Welfare Division; Miss Sylvia Hughes, superintendent, Young Peoples Division; Mrs. W. C. Linville, superintendent Adult and Home Division; Mrs. William Leyham, superintendent of Administration. For Green township: Bert Reed, president.. Mrs. Robert Smith, vice-president; Mrs. Byron Williams, secretaray; Charles Springer, treasurer; Mrs. D. A. Wood, superintendent Children's Division; Miss Nina Bowman, superintendent Young Peoples Division; Mrs. Bert Reed, superintendent Adult and Home Division; Miss Ethel Hoyt, superintendent of Administration.

An election will be held at the convention Sunday, new officers for the Monroe-Green District, will be chosen from the present officers of the respective organizations.

In the Hughes township the following is the present list of officers: William Gex, president; Harl Swank, vice president; Walter Freytag, secretary and treasurer; Mrs. George Greason, superintendent Children's Division; Mrs. William Mountjoy, superintendent Young People's Division; Frank McNeil, superintendent of Administration.

The township conventions are held annually in each of the districts, and the object of the meetings are to bring about a closer union of the various Sunday schools and to better facilitate the work of the national organization. The Association is one of the best organized in the United States and the work is carried down through the various state, county and township organizations to the individual Sunday schools.

EUGENE CUMMINS IN NEW YORK

Maryville Boy Came Home with the 89th Division Yesterday.—Will Be Mustered Out Soon.

Sergeant Eugene J. Cummins, 356th Infantry, 89th Division, was one of the happy arrivals in New York yesterday. He telegraphed news of his safe arrival to his parents, Dr. and Mrs. K. C. Cummins, this city, this morning. The division is now at Camp Merritt, N. Y., and Sergeant Cummins stated in the telegram that he will be sent from there to Camp Taylor, Kentucky, where he will be mustered out and hopes to be home by June 1. Sergeant Cummins has been in overseas service since the sailing of the 89th, July, 1918.

THE LATEST ONE BY W. W. JONES

His Many Maryville Friends Doubht the Story From North Dakota.

In a letter to Dr. H. L. Stinson, W. W. Jones of this city, who is visiting at his farm near Oakes, N. D., writes as follows:

"I suppose you would not question it, but if I were to tell you that I had seen enough goose eggs in one day to fill Third street level to the tops of the buildings from the Burlington station to the Sisson home you would of course, doubt my word. But I want to say that would only be a sample to things I see here every day but I know it would be of no use to relate any real ones to you."

Mr. Jones states he has been able to keep the coarser grades of birds herded off of his crops and the prospects at present are good. Mr. Jones expects to return to Maryville about June 1.

A newspaper dispatch from Bismark, N. D., had the following:

Grasshoppers as a deadly destroyer simply 'are not in it with wild geese," according to John Bloom, publisher of the Devils Lake Journal and State Game and Fish Commissioner, who brought with him to the capital wild stories of millions of these migratory birds which are devastating winter rye in the vicinity of Devils Lake at the rate of a quarter-section daily.

NEW GAME AND FISH PROVISIONS

DEPUTY GAME WARDEN TILTON RECEIVES ORDER FROM THE STATE COMMISSIONER

COMBINED LICENSE OF $1

Non-residents Fee, $10—State Resident $2.50—No fee for Women and Children.

Deputy Game Warden E. E. Tilton of this city, received today from Tim Birmingham, state game and fish commissioner, the new provisions regarding licenses to hunt and fish in this state.

The combined licenses for hunting and fishing, is as follows: Non-resident, fee, $10; state resident, fee, $2.50; county resident, $1. The county license permits the holder to hunt and fish in his own and adjoining counties. The state license allows hunting and fishing anywhere in the state, and persons holding a county license may exchange same for a state license and have credit for the $1 paid for the county license. The hunting licenses now in the hands of the county clerks for the year 1919, are made by the Act the combined hunting and fishing license for the year and the clerks will so consider them; new forms will be issued for the year 1920.

The fishing license is $1 for state residents and $3 for non-residents. The fishing licenses are required where the party does not care to hunt but only to fish; both are good for the entire state and expire December 31, 1919.

No license to fish is required in applicant's own county and women and children are exempted as to fishing license"

The Act provides that any Alien must take out a non-resident license before he can hunt or fish in this state No special license will be issued this year for this, but the county clerks will upon the application of any alien issue to him the regular non-resident hunting or fishing license, as he desires.

New Potatoes.

Mr. Jess Hartness walked into this ofice Wednesday morning with a half bushel basket of new Early Ohio potatoes. They sure are nice ones, all about the size of a base ball, and he just got through digging ten bushels of them that lay in the ground all winter and are just as nice potatoes as any you ever saw. When he told us the half bushels were ours for experimental purposes on the home table, we felt mighty good over the compliment.—Burlington Junction Post.

PRES. IRA RICHARDSON TO STATE HEALTH MEET

Conference Next Week at Springfield to Discuss Matters of Public Health—Well Known Speakers.

Why Missouri does not treat its children as well as it does the thoroughbred stock of the state is one of the questions to be considered at the four-day health conference scheduled for next week at Springfield, Mo., under the auspices of the Springfield Chamber of Commerce and the Missouri Tuberculosis Association. "Pigs versus People" will be the subject of an address in the second day's session, and the speaker will be Dr. D. F. Luckey of Jefferson City, State Veterinarian of Missouri, and immediately following Dr. Luckey will be a discussion of education and health by Dr. M. P. Ravanel, head of the department preventive medicine of the University of Missouri. According to these experts much precaution is taken by the state and the farmers to protect the livestock of the state against disease, while little care is deemed necessary with respect to the children of the state.

The primary purpose of the health conferenee, which will open Thursday morning, May 29, is to study health conditions in the state, with a view to mapping out a state-wide program for general betterment of public health. The conference will bring together national and state leaders in public health movements as well as experts in all lines touched in the work of the convention. The program is one of education, and health, and the universities, normal schools, colleges, public and private schools, and all the state departments whose provinces touch the general subject of health in any particular as well as many of the municipal health departments, are sending their representatives to hear and take part in the discussions.

Promotors of the conference hope to secure, ultimately, as the outgrowth of the conference, sound bodies as well as trained minds for every Missouri child. Some of the eminent Missourians who are co-operating are Governor Frederick D. Gardner, Attorney General Frank W. McAllister, Superintendent of Public Schools, S. A. Baker, Dr. W. A. Clark, president of the state board of health; A. L. Harty, superintendent of the state insurance department; Miss Mary E. Perry, vice-president of the state board of charities and corrections; William H. Lewis, state commissioner of labor; Dr. W. A. Ruddy, president of the state board of dental examiners; Dr. John Ritter, professor clinical medicine, Rush Medical college; Miss M. A. Gillis, preesident of the state nurses board; Dr. D. F. Luckey, state veterinarian; Dr. A. Ross Hill, president of the University of Missouri; John E. Kirk, president of the Kirksville Normal school; E. L. Hendricks, president of the Warrensburg Normal school; W. S. Dearmont, president of the Cape Girardeau Normal school; Clyde M. Hill, president of the Springfield Normal school; Ira Richardson, president of the Maryville Normal school; Speaker O'Fallon the Missouri legislature; Dr. Herman Pearce of Kansas City; Mrs. E. R. Kroeger, director of the Junior Red Cross of the Southwest division; Dr. Max A. Starkloff, health commissioner of St. Louis; Dr. H. DeLemater, health officer of St. Joseph; Miss Elizabeth Moore of St. Louis.

The program for the four days is about completed and will be announced early next week. It contains subjects and speakers of the most vital interest and will attract many persons not directly concerned in the important questions of public health and education.

Among the speakers of national reputation are Dr. Charles J. Hatfield, director of the National Tuberculosis Association; Dr. W. S. Small of the United States Bureau of Education; Dr. George T. Palmer, president of the Illinois Tuberculosis Association and director of medicine of the National Council of Defense; Katherine M. Olmstead, secretary of the National Organization for Public Health Nursing; Dr. Owen R. Lovejoy, general secretary of the National Child Labor Committee; Rev. James P. Faulkner, director of the Raoul Foundation at tlanta, Ga.; Prof. Chas. A. McMurry of Peabody college; John Tombs, executive secretary of the New Mexico Public Health Association; Dr. Varelia Parker of the National Y. W. C. A. War Work Council.

BLAME OFFICERS FOR 35TH LOSSES

REPORT SUBMITTED BY GENERAL STAFF TO SEN. CHAMBERLAIN

NOT WELL DISCIPLINED

Charge That Officers Were Not Trained and That Division Was Not Fit to Combat as a Unit.

Washington, May 23.—Blame for the heavy losses sustained by the Thirty-fifth Division in the Argonne fighting is placed on the officers, in a report submitted by General Staff this afternoon to Senator Chamberlin, retiring chairman of the senate military committee. Among the conclusions reached by the Chief Staff of the first army to which the Division belonged were that the Division was not well disciplined to combat as a unit and that many of the officers were not well trained.

NINE DEAD, RESULT OF BIG DRY DUST EXPLOSION

Fifty Injured and Many Missing in the Ruins of Cedar Rapids Factory Building

Cedar Rapids, May 23.—Firemen, police, soldiers and volunteer rescuers searching through the smoldering ruins of the Douglas Starch Works, the three million dollar plant, which was wrecked last night, by a dry dust explosion, had recovered bodies of seven employees early today. It is feared that a score or more who are missing were caught in the ruins of the building and killed. Fifty are injured, ten of whom it is feared will die. The property loss at the plant is estimated at one and a half million. Near by buildings were damaged to a sum safely placed at a million dollars.

AWAITING HUNS REPLY TO TERMS

ONLY THING POSSIBLE SAYS WILSON IN REPLY TO REPORTS

BELIEVE THEY WILL SIGN

Clemenceau Declares That Restrictions Will Not Cause Loss of Life in Germany.

Paris, May 23.—It is only possible to await developments, declared President Wilson today in commenting on the reports from the German Cabinet that the Teutons would not sign the treaty. Other American sources were confident that the economic concessions and modifications of the reparation clause were sufficient to insure the acceptance of the treaty at Berlin. The changes made were not basic, it was officially stated and were merely designed to make imposition of their reparation less enorour to the Germans.

Paris, May 23.—A rash assertion was Clemenceau's reply on behalf of the Allies to the dramatic declaration of Brockorff-Rantzau that the signing of the treaty means the death sentence of millions of German men, women and children. Clemenceau reminded the Germans that they might as well bear the larger loss as a result of the war, since they started it, but denied, however, that the economic restrictions on Germany would mean death.

Geneva, May 23.—The advance guard of the Turkish and Bulgarian peace delegates arrived in Switzerland en route to Paris. The Turkish envoys entered a protest against the Powers for Turkey and reporth the intention of the Allis to relieve Turkey of the administration of Constantinople.

DRIVE REDS FROM PETROGRAD

Two Armies Making Converging Move on Russian Capital—Poles Overwhelm Ukrainians.

London, May 23.—Two armies are making a converging movement on Petrograd and advices today indicate that the Bolsheviki will be compelled to evacuate Petrograd. The Pakov-Minsk line of the Fins is advancing from north Esthonans. From the southeast the Poles are overwhelming the Ukrainians. Haller's Division that was sent into Poland, is apparently everywhere victorious in the fighting against the Ukrainians.

THELMA is the feature play of the week at the Big Tent Theatre tonight.

About 150 relatives, neighbors, and friends gathered at the home of A. M. Neese, Sunday, May 18th, to celebrate their 50th wedding anniversary. The day was spent very pleasantly. At the noon hour the table was loaded with good things to eat which every one enjoyed. Mr. and Mrs. Neese were presented with a purse containing $34.60, of which there were three gold coins. —Barnard Bulletin.

DOCTOR'S PATIENT GAINS 17 POUNDS

Prominent Physician Uses Tanlac In Practice With Fine Results.

One of the strongest and most convincing evidences of the remarkable results being accomplished by Tanlac throughout the country is the large number of letters that are now being received daily from scores of well known men and women who have been benefited by its use.

Among the large number that have been received recently none are more interesting than the following letter from Dr. J. T. Edwards, of Fayetteville, Ga., Dr. Edwards, it will be remembered, recently gave Tanlac his unqualified indorsement in a public statement, and the testimonial published below was recently given him by one of his patients. His letter follows as it was written:

Fayetteville, Ga.

Mr. G. F. Willis, Atlanta, Ga.

Dear Sir:

I am enclosing you herewith statement I have just received from Mr. T. M. McGough. He has sold out here, and is moving to Turin, Ga. He was here this morning, and came in to tell me what Tanlac had done for him. He says too much connot be said about Tanlac. It certainly has cured him.

Respectfully,

J. T. Edwards, M. D.

Mr. McGough's statement follows:

"I suffered from indigestion and could not eat anything but what hurt me. Constipation gave me a great deal of trouble also. My symptoms were indigestion, heartburn, and gas on the stomach after eating. My appetite was irregular, and my food failed to nourish me. This trouble caused me to get very poor—in fact I got so thin and weak I was hardly able to go about.

"I bought three bottles on Dr. Edwards recommendation, and I am now feeling all right again, and am able to attend to business. I gained seventeen pounds in weight and am doing fine. Tanlac did the work.

"I now recommend Tanlac to everyone who is sick like I was, and wishes to take something that will help them."

Tanlac is sold in Maryville by the Koch Pharmacy and by A. M. Colly, Conception Junction; H. M. Lincoln, Tickering, and Carter Pharmacy, Burington Junction, Mo., and in Barnard, by Bear Drug Store, in Elmo by King Drug Co., and in Clearmont by Dr. W. H. Wiley; Ravenwood by C. A. Shunk. —Adv.

RED CROSS DRIVE IN NOVEMBER

Campaign to Culminate on First Anniversary of Signing of the Armistice.

An appeal to the American people for funds to carry on the work of their American Red Cross will be made next November according to the following statement issued today by Doctor Livingston Farrand, Chairman of the Central Committee. "Appalling conditions in countries of Eastern Europe, imposing on the American Red Cross obligations additional to those assumed during the period of the world war, and continuance of activities in connection with the already outlined domestic program of the American Red Cross, make necessary an appeal to the people of America for further funds to carry on work for the relief of humanity."

It has been decided to make this appeal in Autumn in a period of two weeks culminating the eleventh of November, the anniversary of the signing of the armistice—the season when the American people may properly give manifestation through contributions to their American Red Cross of their thankfulness or deliverance from the added horrors of war which have fallen upon nations less fortunate.

At present the American Red Cross is binging to a close its activities in countries in Western Europe and with the withdrawal of American troops from the war zone, its work for the Army abroad will end automatically. Disease and suffering of the most heart rendering character, however, are calling for relief in other fields. The new International Organization of Red Cross Societies is preparing to deal with the relief of health problems throughout the world in future years, but there are immediate emergencies which require the aid of agencies already established. Foremost among these agencies is the American Red Cross. At present the emergencies are being met with all the resources available, but it is apparent that imperative calls for assistance for the next year or more will make additional funds necessary.

It is anticipated that the generous hearts of the American people will respond to the appeal to the full extent of the needs that will present themselves.

HUDSON SUPER SIX

The New Hudson Super-Six
At $1975 Is In Greater Demand

Improved in Quality—New in Price, it Surely Has No Rival—Early Deliveries for Prompt Buyers

At the price at which you can now get a Hudson Super-Six, surely there can be no close second choice car.

As marked by its sales, Hudson has for four years been the largest selling fine car.

Now with a better car at a new price people who on account of its cost have had to accept less desirable cars, will be content with no other.

This, therefore, is to warn you to prompt action.

You have no doubt followed Super-Six history. You know how it has out-performed in endurance and reliability, cars of every description. Its record fills a large part of official automobile history.

Its feats on the speedway, and in every imaginable automibile contest have been told so often and are so much the part of everyone's automobile knowledge we need only to suggest them.

The First to Grasp Its Present Worth

Owners of earlier Super-Sixes were the first to appreciate the new Hudsons. When we announced the new car they came in great numbers to see it. They knew what to expect. It was they whom you have heard say the Super-Six was potentially the finest car built. Many own their third and fourth Hudson. Some have had even more. They bought new model Super-Sixes for they know how each successive year has seen an advancement over previous models. They can appreciate the greater value of this new car.

You, Too, Will Understand

The first Super-Six—brought out four years ago—increased motor power 72% without increased weight or cylinders. It gave the smoothness and endurance others had sought through added cylinders and complications.

Then it proved its superiority by establishing new limits in practically every worth while test. It became the largest selling fine car. More than 60,000 are now in service.

Every test and every car produced added its influence toward further development and improvement.

All the qualities in the Super-Six, many of them exclusive to it—that you know are retained. Some are enhanced, new ones added.

That is the characteristic of this new model. It starts easier, rides easier and runs smoother.

It is just as enduring, just as reliable. It is free from many annoyances regarded as inevitable to all cars.

What men have said of Hudson possibilities has been attained. Old Hudson owners recognize it and are buying new models.

You Can Have a Hudson Now

But you must not delay in ordering. Mid season has always seen an over demand for Hudsons. There has never been a year when there were enough Super-Sixes. We know our allotment for the next several months. There is no possibility of their being increased. There might be an interruption in production that would cut us short.

Deliveries are made in the same order that sales are made. Your order now means an earlier delivery.

Compare Its Price $1975 at Detroit

Go over the list of cars selling at near the Super-Six price. Do you find any name so favorable? Can you want any other car quite so much? But if you delay you may have to accept some other car for Hudsons are the first choice with thousands. They will not delay.

Can you wisely postpone action?

A Good Refrigerator
Is An Economy

We selected our stock of refrigerators in the same manner in which you should select one—by considering their construction with reference to keeping ice, and keeping food.

We believe we have several makes that are absolutely correct in principle, and will give the highest value for the money in economical use.

We have them white lined in top and side iceing, and any size to suit your needs.

You will find them very reasonably priced.

THE OIL STOVE

is a mighty important thing to think about right now, and we believe we have the kind that will give the best satisfaction, be the safest and consume the least fuel for the amount of cooking heat given.

The New Perfection oil stove is one that has been thoroughly tried and found to give the best of service for a low-priced stove.

The Detroit is our leading stove—burns oil or gasoline and is the best and most handsome oil stove we know anything about.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D, Atlanta, Ga.

BEFORE OR AFTER INFLUENZA

By Dr. M. Cook

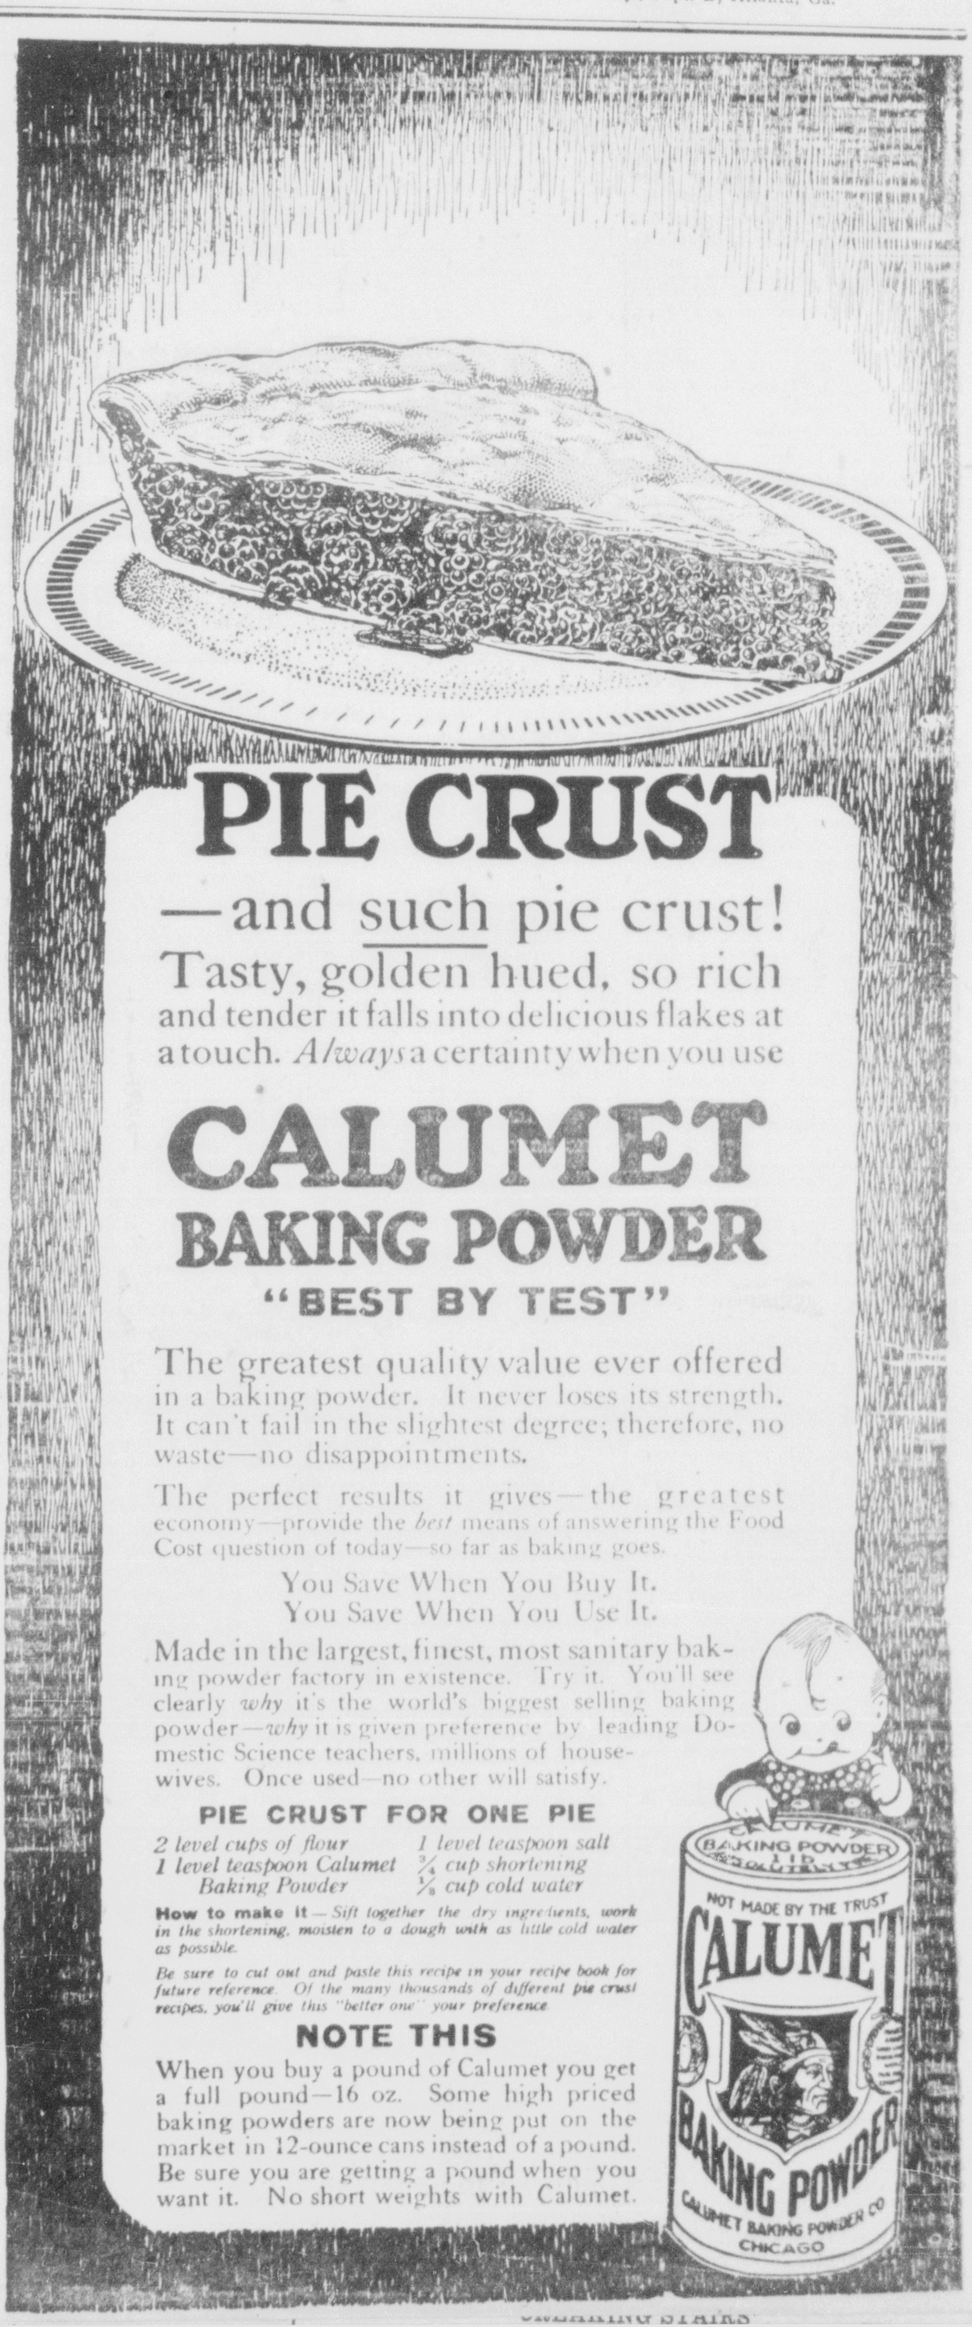
The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practise the three C's: a Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a good liver regulator to move the bowels, such as Castor Oil or a pill made up of May-apple, leaves of aloe and root of jalap, to be had at any drug store, and called Dr. Pierce's Pleasant Pellets.

The system should be built up by the use of a good iron tonic, such as "Irontic" tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery.

For a tonic that will freshen up the blood, clean the digestive tract and put new force and vim into you, I know of nothing better than Dr. Pierce's Golden Medical Discovery—and it contains no alcohol or narcotic so is perfectly safe to take.

Omaha, Nebr.—"From my earliest boyhood I have seen splendid results from Dr. Pierce's remedies. About eight years ago the 'Golden Medical Discovery' cured me of a hacking cough that had annoyed me for a long time, and I have used the 'Pleasant Pellets' for a number of years as a laxative whenever necessary, and have found them to be just as represented.

"I am always glad to recommend Dr. Pierce's remedies."—*Alex. A. Lo Londe, 5301 N. 34th St.*



PIE CRUST

—and such pie crust!

Tasty, golden hued, so rich and tender it falls into delicious flakes at a touch. *Always* a certainty when you use

CALUMET
BAKING POWDER
"BEST BY TEST"

The greatest quality value ever offered in a baking powder. It never loses its strength. It can't fail in the slightest degree; therefore, no waste—no disappointments.

The perfect results it gives—the greatest economy—provide the *best* means of answering the Food Cost question of today—so far as baking goes.

You Save When You Buy It.
You Save When You Use It.

Made in the largest, finest, most sanitary baking powder factory in existence. Try it. You'll see clearly *why* it's the world's biggest selling baking powder—*why* it is given preference by leading Domestic Science teachers, millions of housewives. Once used—no other will satisfy.

PIE CRUST FOR ONE PIE

2 level cups of flour	*1 level teaspoon salt*
1 level teaspoon Calumet Baking Powder	*¾ cup shortening*
	⅛ cup cold water

How to make it—*Sift together the dry ingredients, work in the shortening, moisten to a dough with as little cold water as possible.*

Be sure to cut out and paste this recipe in your recipe book for future reference. Of the many thousands of different pie crust recipes, you'll give this "better one" your preference.

NOTE THIS

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-ounce cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

MAN SAVES WIFE IN NICK OF TIME

"My wife was unable to eat even the lightest food, and had fallen away to a living skeleton. She could not even keep doctor's medicine on her stomach and was tortured with pain. On the recommendation of a friend I bought a bottle of Mayr's Wonderful Remedy and she is all right now and has gained firty pounds." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Maryville Drug Co., and Druggists Everywhere.—Adv.

Pickering Christian Church.

Next Sunday, May 25, the Bible school session will be held as usual, at 10 a. m. The theme for the sermon at 11 a. m. will be "The Repentance That Need Not Be Repented of." Then a basket dinner on the church lawn, after which the "Every Member Canvass" will be made by the teams appointed last Sunday. Every member of the congregation is requested to be present at the morning service, and remain for the dinner, or if not possible to be present, to remain at their homes during the afternoon, so as to assist the canvassers in making up the budget for the year.

Then at 8:30 p. m. there will be a memorial service for soldiers of the various wars in which our country has been engaged.

You are cordially invited to all these services.

FRECKLE-FACE

un and Wind Bring Out Ugly Spots —How to Remove Easily.

Here's a chance, Miss Freckle-face o try a remedy for freckles with the uarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while it if does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist nd a few applications should show you how easy it is to rid yourself of the homely freckles and get a beauiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

CLARK FOR SENATOR NEXT YEAR.

Jefferson City, May 23.—Politicians believe that former Speaker Champ Clark is preparing to enter the race for the Democratic nomination for United States senator next year.

This belief is based on the fact that within the past week several letters have come to men here prominent in party affairs from friends of Clark in Washington indicating that Clark is feeling out the situation with a view of entering the race.

These "feelers" coming right on the heels of Clark's endorsement of the National administration are regarded as significant. One of the letters from an official in Washington very close to the former speaker asked for a fraud expression of opinion as to the advisability of Clark becoming a senatorial candidate.

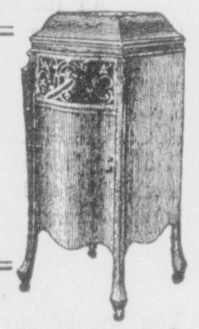
Service in Buying from a Responsible Dealer

When we found that the Sonora Phonograph had been warded first place at the Panama Pacific Exposition for tone quality and that its makers stood back of it in every way we decided that the

Sonora
CLEAR AS A BELL



was the phonograph we could conscientiously recommend and sell to our friends, and stand back of with our own responsibility in addition to that of the manufacturer.

When you buy a phonograph of a dealer who is established, and responsible, you get this added buying service—his personal guarantee.

And also the service after you have bought the phonograph—if it needs any attention such as oiling and adjusting, you know where to find us. You take no chances with that kind of service—you KNOW that your machine will be satisfactory.

Besides this, the opportunity of going to the store and looking over the different models and hearing them played, in our own phonograph department, fitted up especially for your accommodation is another service.

We would not sell a phonograph that we did not believe had the highest quality in it, nor one we would not be proud to own ourselves. This is the kind of instrument the Sonora is, and we are glad to refer you to every customer who has bought one.

Come and listen to some of the latest song hits and dance records we have, and to the superb tone of the Sonora—whether you intend to buy a phonograph or not.
